

Aviation Week's Commercial Fleet and MRO Forecast

NOW HERE!

The 2014
Commercial Fleet &
MRO Forecast

Stop Guessing What the Future Holds

Aviation Week's Commercial Fleet & MRO Forecast is the industry's leading strategic planning tool. Trust it to provide you with a deeper understanding of what's to come, so you can locate new business opportunities and take the actions needed today to ensure a successful tomorrow.

In addition to tracking the number of deliveries and retirements over the duration of the forecast period, you can use the 2014 forecast, containing 30,000 commercial jet and turboprop aircraft, to easily ascertain:

- Which global region will see the biggest growth in MRO spending
- Which aircraft types will dominate MRO market growth
- Market trends – such as how increasingly younger aircraft are going straight to part-out
